THE SHAPE OF THINGS

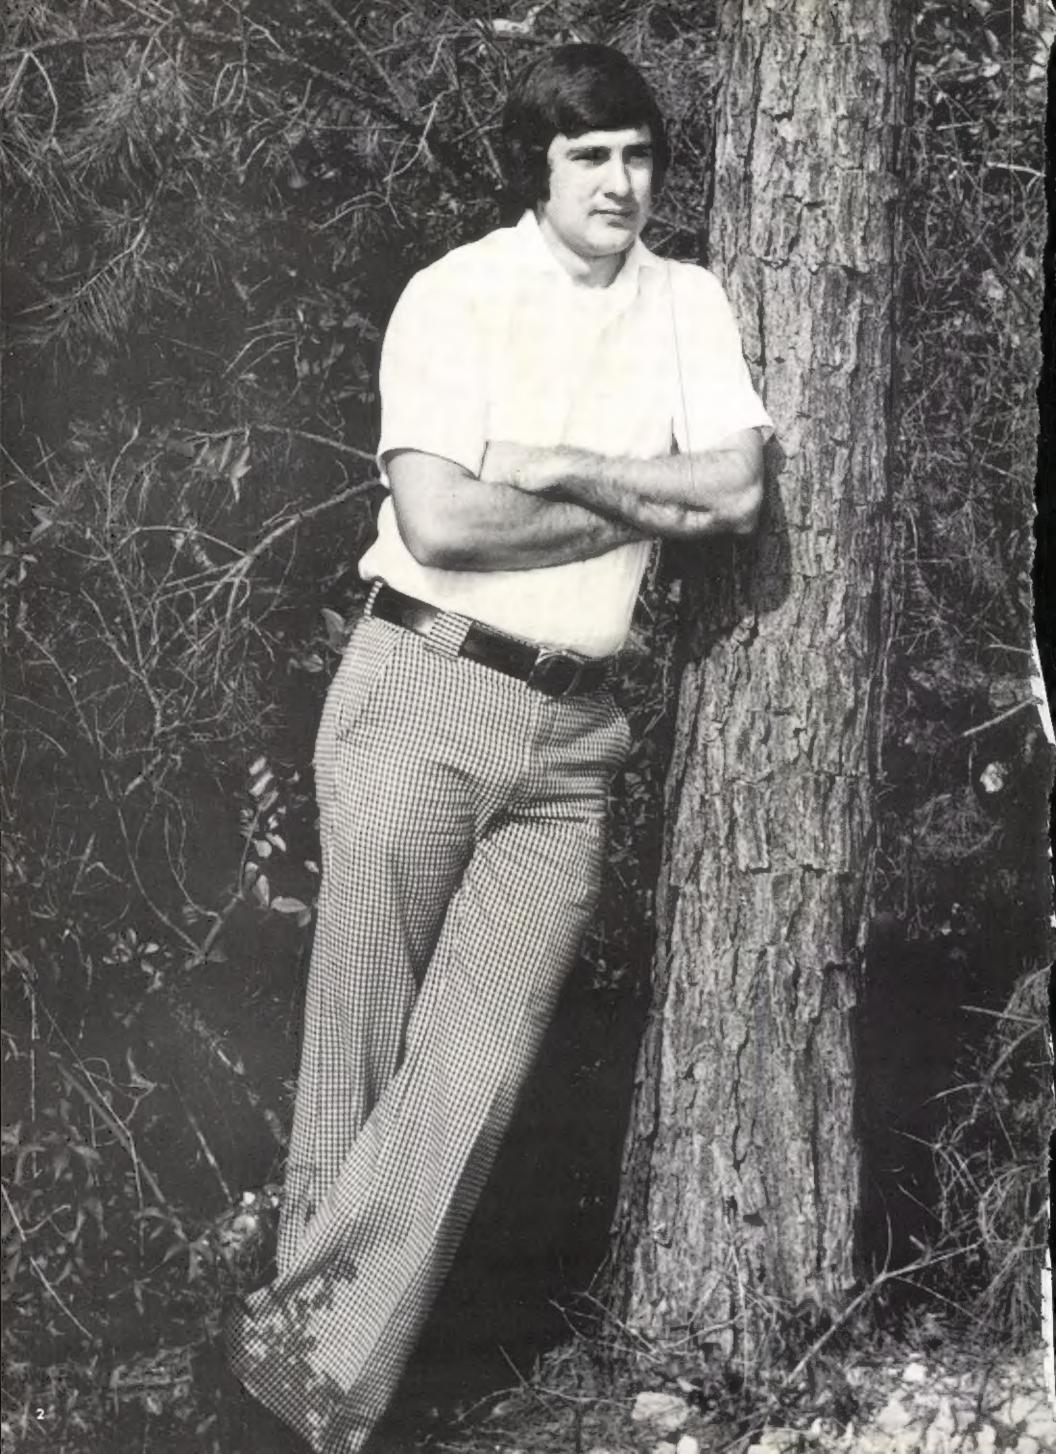

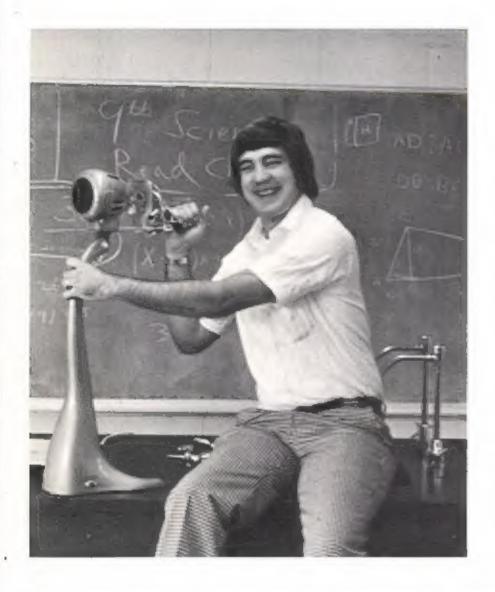

In 1971 a contest was sponsored by the Student Council to choose a design for our school flag. The flag was produced in 1972 and has become an important factor in our school morale.

In the fall of 1973, the PTA raised the money to purchase a mascot. This mascot, a wooden "Beaver" is placed in the hall with the flag for our visitors and students to observe. These two items have contributed to the "Shape of Things" in our school.

Dedication

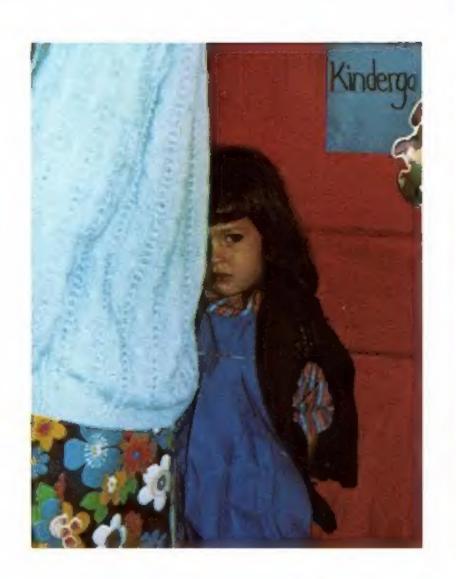

The theme for this year's Rose Petal is "The Shape of Things." "The Shape of Things" to come in the future depends largely upon the teachings that we have received during our years at Glen Rose.

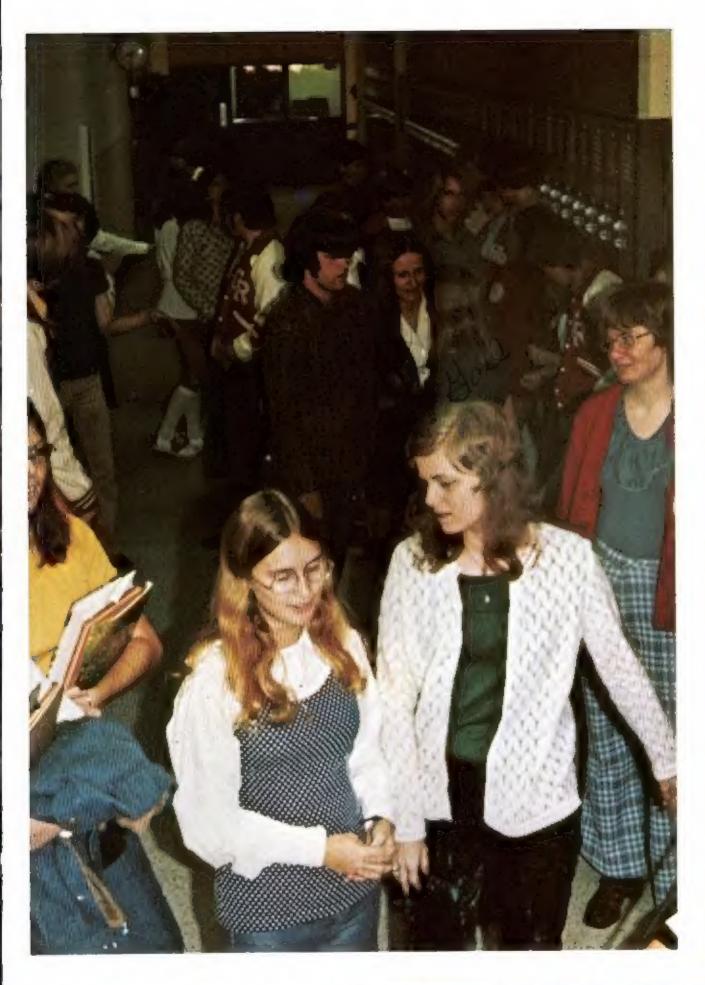

It is to a person who has contributed so much to our education that we dedicate this annual. We feel that he has done more than his share in contributing to our school. Not only does he make his classes interesting, but he also has exciting hobbies which he likes to share with the students. The quality of the photography in our annual is the result of his time and efforts.

The Senior Class of 1975 dedicates the Rose Petal, to you Mr. Brazil, because without you it would have been impossible to produce.

The years at Glen Rose have been happy ones from the first to the last. There have been many happenings to determine the ''Shape of Things.''

We are proud to include in our school system, for the first time, two kindergarten classes with a total of 37 children.

Elementary was a new experience for most of us, making new friends and meeting new situations every day. Next, it was junior high which was a scary experience and coming from a small school to a larger one with more than one teacher didn't help any either! But we soon learned that some day these would be memories.

Now we are Seniors - we have our Senior rings - we are ready to wear caps and gowns, walk out the door and face the future.

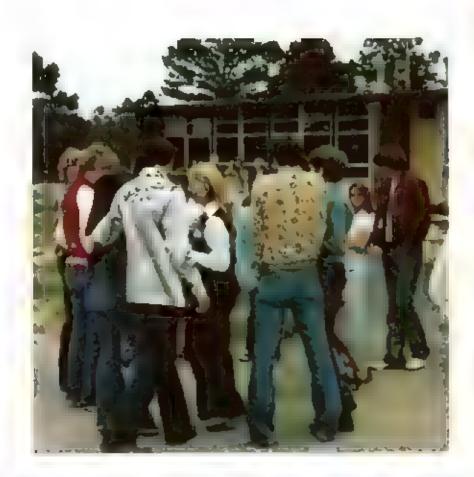

These happenings have shaped our lives and changed them in many ways, making the "Shape of Things for the Future" more pleasant.

Lunch Bunch

We are tense and waiting for that anticipated moment.

The count down has begun . . . 5 . . . 4 . . . 3 2
. . . 1 . . . Bell rings! Lunch time begins!

We all have different ideas how to spend our lunch time. Some enjoy eating in the cafeteria, others - not quite able to adapt themselves to the cafeteria food - enjoy having coke and potato chips at the Student Lounge, while a few skip lunch altogether and spend the time talking with friends or maybe having a nice little chat with someone special.

Interested in bettering relations between students and the business community, the students in F.B.L.A. worked hard this year to fulfill their goal. Even though it is a young club, F.B.L.A. has proved to be one of the most important and most active clubs at Glen Rose., Through money making projects - selling glitter plaques, Beaver stickers, etc., they were able to raise money for their many service projects.

Among some of the services that highlighted this year were: Participating in the Western Hat Day at the Benton State Hospital, Hypertension Screening held in Malvern and the nearby communities, a Christmas Party for the patients at the Benton State Hospital, and the annual March-of-Dimes Walk-a-Thon. The citmax of every basketball season is the Homscoming. This year was no different. A Beaver homecoming means many things to different people. To the athletes it means an extra incentive to play the best ball game ever. To the students and faculty it is a time of hard, endless work and cooperation. And to the Royalty it is a time of nervousness and excitement. "Butterflies are Free" was the theme for this year's basketball homscoming. The theme was carried out vividly by the brightly colored butterflies and rainbow that decorated the stage. The Queen and her Maids brought out the elegance and the beauty of Homscoming night.

The Queen and Princous were chosen by the \$r. Boys' Basketball team. The Basketball Maid was chosen by the \$r. Girls Basketball team and the Cheerleader Maid was chosen by the Cheerleaders. The other four maids were chosen by the Individual classes. Susan Hoffman, the Student Council President, was the announcer.

The 1974-75 Basketball Homscoming was sponsored by The Student Council. The people who were responsible for the stage decorations were: Mrs. Floyd, Mrs. Burin, and Mrs. Heathorne. Our thanks go to them and the many students who through their endless work; made this home-coming possible.

MEMORIES Memories a

Memories are made of things That happen every day Moments as we live them Things we do or say.

Little bits and pieces Of laughter mixed with tears Paragraphs and pages Written through the years.

The carefree days of childhood The growing pains of youth A few illusions shattered In the endless search for truth.

The friendships we remember Mistakes that we regret The ending of a love affair We never could forget.

Yes, memories are happening Each one a different kind Each one a separate chapter That is printed on the mind.

We can't erase the sadness Or edit out the tears We can't undo the wrongs we've done We can't relive the years.

But since memories keep building Each day can be the start Of making new and happy ones To store within the heart! By Alice E. Chase
